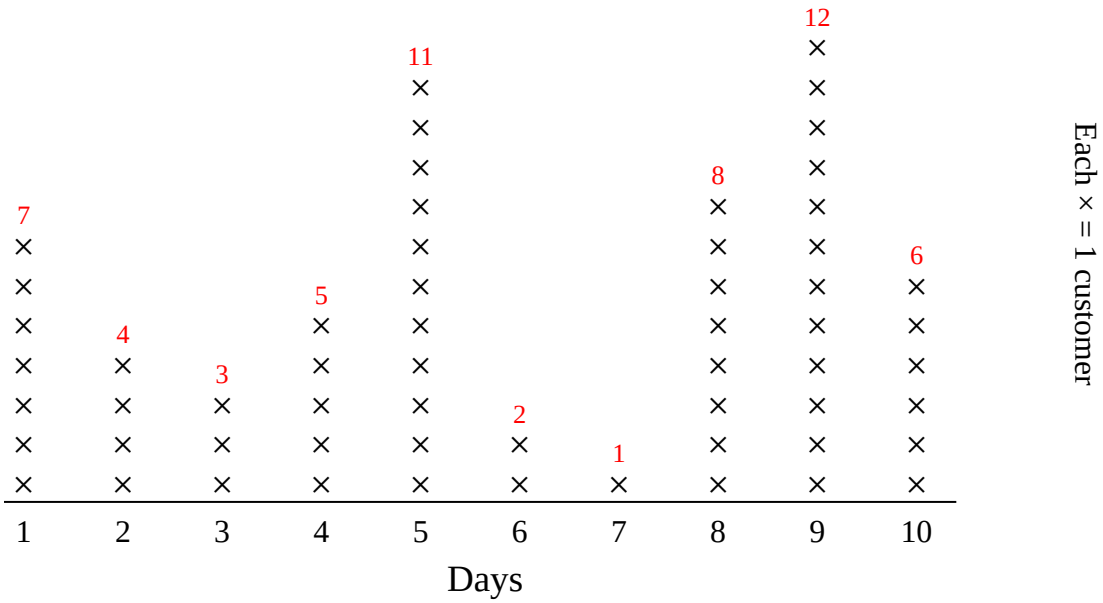
Interpreting Line Plots

Name:

The line plot below shows the number of customers a store had each day. Use the line plot to answer the questions.



1) How many customers did they have on day 6?

2) How many days did they have more than 1 customers?

3) Did they have more customers on day 6 or on day 3?

4) What is the difference in the number of customers on day 5 and the number on day 10?

5) What is the combined number of customers they had on day 9 and on day 8?

6) Which day had the fewest customers?

7) How many days did they have fewer than 5 customers?

8) Did they have fewer customers on day 2 or on day 8?

9) Which days (if any) had more than 5 customers?

10) Which day had the most customers?

11) Which day had exactly 11 customers?

Answers

1. _____
2. _____
3. _____
4. _____
5. _____
6. _____
7. _____
8. _____
9. _____
10. _____
11. _____
