Get ready to flap your wings as we dive into the world of hens! Hens, or female chickens, are one of the most commonly found animals on farms all over the world. These amazing birds come in many shapes, sizes and colors, ranging from small bantam hens to large, fluffy ones with feathers that look like they're wearing a pair of pants! Their bodies are covered in feathers and they have a red or pinkish piece of flesh called a comb on top of their heads.

From their feathery appearance, let's hop over to the topic of what hens munch on. Hens eat a variety of things including grains, seeds, vegetables and even small bugs! They are also known to peck at the ground in search of tasty morsels hidden in the soil. This healthy diet helps them to produce the eggs that we humans enjoy.

Speaking of eggs, it's time to crack open the life cycle of these fascinating creatures. The life of a hen begins as an egg, which after being incubated for about 21 days, hatches into a cute little chick. These chicks grow rapidly and within five months, they are grown hens laying eggs of their own. Hens can live for several years, and they continue to lay eggs for most of their lives.

Eggs are a big part of why humans and hens have such a cluck-tastic relationship! Humans have been keeping hens for thousands of years, not just for their eggs, but also for their meat. Hens have also been known to form bonds with humans, recognizing their faces and voices. So, whether they're providing breakfast or being our feathery friends, hens sure are egg-ceptional animals!

		1011	i (unito:
Solv	e each problem.		
Use	the article to answer the question.		
1)	What are the bodies of hens covered in?		
	A. Spikes	В.	Fur
	C. Scales	D.	Feathers
2)	Why do hens peck at the ground?		
	A. They are searching for food	В.	To dull their beak
	C. They are looking for rocks	D.	They are digging holes to bury their eggs
3)	Which is NOT something hens usually ea	nt?	
,	A. Grains		Vegetables
	C. Seeds	D.	Soil
4)	Where can hens be commonly found?		
	A. In the ocean	В.	On farms
	C. In the forest	D.	In the desert
5)	Can hens recognize human faces and voic	ces?	
	A. Yes	В.	No
	C. They can recognize voices but not faces	D.	They can recognize faces but not voices
6)	What is the piece of flesh on top of hens'	heads ca	alled?
	A. Crown	В.	Crumb
	C. Crest	D.	Comb
7)	How long does it take for a hen's egg to h	atch?	
	A. About 21 days	В.	About 7 days
	C. About 45 days	D.	About 1 day
8)	How soon can hens start laying eggs of th	neir own	?
	A. Within two months		Within one month
	C. Within five months	D.	Within one year
9)	For how long do hens live?		
	A. About 6 months		Only 1 year
	C. Several years	D.	Up to 50 years
10)	How long can hens continue to lay eggs?	-	
	A. For two years only		They only lay eggs once
	C. For one year only	D.	For most of their lives

## Determine if the statements is something the animal would say (W) or it it is not something the animal would say (N).

11) "I started laying eggs the moment I was born."

HenName:12)"Tm considered fully grown after only 5 months."13)"When I go about my day, I also enjoy eating little bugs hidden in the soil."14)"Did you know we form bonds with humans? We recognize their faces and voices."15)"To keep myself nourished, I enjoy munching on grains, seeds, veggies, and at times even tiny bugs."16)"I don't like to eat bugs."17)"I stop laying eggs early in my life."18)"The red thing on my head, called a comb, helps me stay cool in hot weather."19)"All of us hens look exactly the same, shapes and colors."20)"I refuse to eat vegetables."21)"It only takes me 21 days to go from an egg to a chick."22)"I cannot recognize human faces, my eyes and memory are bad."23)"You can find us hens all over the world, we live on almost every farm!"24)"My body is covered in feathers!"25)"I grew into an adult hen in just a few weeks."26)"Did you know some of us are small while others are big and fluffy!"27)"Humans have been keeping up hens for centuries."28)"We hens are completely bald and have no feathers at all."29)"I don't produce eggs, you're thinking of chickens."20)It takes about 21 days for a hen's egg to hatch into a little chick.30)It takes about 21 days for a hen's egg to hatch into a little chick.31)Hens are the best animals to have on a farm.

Get ready to flap your wings as we dive into the world of hens! Hens, or female chickens, are one of the most commonly found animals on farms all over the world. These amazing birds come in many shapes, sizes and colors, ranging from small bantam hens to large, fluffy ones with feathers that look like they're wearing a pair of pants! Their bodies are covered in feathers and they have a red or pinkish piece of flesh called a comb on top of their heads.

From their feathery appearance, let's hop over to the topic of what hens munch on. Hens eat a variety of things including grains, seeds, vegetables and even small bugs! They are also known to peck at the ground in search of tasty morsels hidden in the soil. This healthy diet helps them to produce the eggs that we humans enjoy.

Speaking of eggs, it's time to crack open the life cycle of these fascinating creatures. The life of a hen begins as an egg, which after being incubated for about 21 days, hatches into a cute little chick. These chicks grow rapidly and within five months, they are grown hens laying eggs of their own. Hens can live for several years, and they continue to lay eggs for most of their lives.

Eggs are a big part of why humans and hens have such a cluck-tastic relationship! Humans have been keeping hens for thousands of years, not just for their eggs, but also for their meat. Hens have also been known to form bonds with humans, recognizing their faces and voices. So, whether they're providing breakfast or being our feathery friends, hens sure are egg-ceptional animals!

Name: Answer Key

Solv	e each problem.		
Use	the article to answer the question.		
1)	What are the bodies of hens covered in?		
	A. Spikes		Fur
	C. Scales	D.	Feathers
2)	Why do hens peck at the ground?		
	A. They are searching for food	В.	To dull their beak
	C. They are looking for rocks	D.	They are digging holes to bury their eggs
3)	Which is NOT something hens usually eat?		
- )	A. Grains	B.	Vegetables
	C. Seeds	D.	Soil
4)	Where can hens be commonly found?		
-	A. In the ocean	B.	On farms
	C. In the forest	D.	In the desert
<b>-</b> `\			
5)	Can hens recognize human faces and voices? A. Yes		No
	C. They can recognize voices but not		They can recognize faces but not
	faces	D.	voices
6)	What is the piece of flesh on top of hens' head	ds ca	alled?
	A. Crown	В.	Crumb
	C. Crest	D.	Comb
7)	How long does it take for a hen's egg to hatch	n?	
,	A. About 21 days		About 7 days
	C. About 45 days	D.	About 1 day
8)	How soon can hens start laying eggs of their	0wn	9
0)	A. Within two months		Within one month
	C. Within five months	D.	Within one year
U)	For how long do have live?
