

Represent each equation with numbers and symbols.

Answers

1) thirteen plus two equals fifteen

1. _____

2) twelve minus seven equals five

2. _____

3) fourteen plus six equals twenty

3. _____

4) nineteen plus one equals twenty

4. _____

5) seven minus five equals two

5. _____

6) six minus four equals two

6. _____

7) eight plus three equals eleven

7. _____

8) eighteen minus ten equals eight

8. _____

9) nine plus zero equals nine

9. _____

10) twenty minus twenty equals zero

10. _____

11) nine plus five equals fourteen

11. _____

12) five plus three equals eight

12. _____

13) seventeen plus one equals eighteen

13. _____

14) seventeen plus three equals twenty

14. _____

15) nineteen minus ten equals nine

15. _____

16) ten plus five equals fifteen

16. _____

17) nineteen minus nineteen equals zero

17. _____

18) twelve plus four equals sixteen

18. _____

19) twelve plus one equals thirteen

19. _____

20) twenty minus fifteen equals five

20. _____

Represent each equation with numbers and symbols.

- 1) thirteen plus two equals fifteen
- 2) twelve minus seven equals five
- 3) fourteen plus six equals twenty
- 4) nineteen plus one equals twenty
- 5) seven minus five equals two
- 6) six minus four equals two
- 7) eight plus three equals eleven
- 8) eighteen minus ten equals eight
- 9) nine plus zero equals nine
- 10) twenty minus twenty equals zero
- 11) nine plus five equals fourteen
- 12) five plus three equals eight
- 13) seventeen plus one equals eighteen
- 14) seventeen plus three equals twenty
- 15) nineteen minus ten equals nine
- 16) ten plus five equals fifteen
- 17) nineteen minus nineteen equals zero
- 18) twelve plus four equals sixteen
- 19) twelve plus one equals thirteen
- 20) twenty minus fifteen equals five

Answers

1. $13 + 2 = 15$
2. $12 - 7 = 5$
3. $14 + 6 = 20$
4. $19 + 1 = 20$
5. $7 - 5 = 2$
6. $6 - 4 = 2$
7. $8 + 3 = 11$
8. $18 - 10 = 8$
9. $9 + 0 = 9$
10. $20 - 20 = 0$
11. $9 + 5 = 14$
12. $5 + 3 = 8$
13. $17 + 1 = 18$
14. $17 + 3 = 20$
15. $19 - 10 = 9$
16. $10 + 5 = 15$
17. $19 - 19 = 0$
18. $12 + 4 = 16$
19. $12 + 1 = 13$
20. $20 - 15 = 5$
