

**Represent each equation with numbers and symbols.****Answers**

1) eleven plus five equals sixteen

1. _____

2) ten plus one equals eleven

2. _____

3) fifteen minus fifteen equals zero

3. _____

4) eleven plus seven equals eighteen

4. _____

5) five plus two equals seven

5. _____

6) eighteen minus fourteen equals four

6. _____

7) five plus one equals six

7. _____

8) nineteen minus seventeen equals two

8. _____

9) twelve plus five equals seventeen

9. _____

10) eleven plus five equals sixteen

10. _____

11) one plus zero equals one

11. _____

12) nine plus nine equals eighteen

12. _____

13) eleven plus four equals fifteen

13. _____

14) sixteen plus three equals nineteen

14. _____

15) three plus two equals five

15. _____

16) twenty minus fourteen equals six

16. _____

17) thirteen plus five equals eighteen

17. _____

18) sixteen minus sixteen equals zero

18. _____

19) nineteen minus eighteen equals one

19. _____

20) eight minus seven equals one

20. _____

Represent each equation with numbers and symbols.

- 1) eleven plus five equals sixteen
- 2) ten plus one equals eleven
- 3) fifteen minus fifteen equals zero
- 4) eleven plus seven equals eighteen
- 5) five plus two equals seven
- 6) eighteen minus fourteen equals four
- 7) five plus one equals six
- 8) nineteen minus seventeen equals two
- 9) twelve plus five equals seventeen
- 10) eleven plus five equals sixteen
- 11) one plus zero equals one
- 12) nine plus nine equals eighteen
- 13) eleven plus four equals fifteen
- 14) sixteen plus three equals nineteen
- 15) three plus two equals five
- 16) twenty minus fourteen equals six
- 17) thirteen plus five equals eighteen
- 18) sixteen minus sixteen equals zero
- 19) nineteen minus eighteen equals one
- 20) eight minus seven equals one

Answers

1. $11 + 5 = 16$
2. $10 + 1 = 11$
3. $15 - 15 = 0$
4. $11 + 7 = 18$
5. $5 + 2 = 7$
6. $18 - 14 = 4$
7. $5 + 1 = 6$
8. $19 - 17 = 2$
9. $12 + 5 = 17$
10. $11 + 5 = 16$
11. $1 + 0 = 1$
12. $9 + 9 = 18$
13. $11 + 4 = 15$
14. $16 + 3 = 19$
15. $3 + 2 = 5$
16. $20 - 14 = 6$
17. $13 + 5 = 18$
18. $16 - 16 = 0$
19. $19 - 18 = 1$
20. $8 - 7 = 1$
