

Solve each problem.

Answers

- 1) Dave started his own lawn mowing business. In the spring he made eight dollars mowing lawns and in the summer he made twenty-two dollars. If he had to spend fourteen dollars buying supplies, how much money did he end up with?
- 2) For Halloween Haley and her sister combined the candy they received. Haley had forty-six pieces of candy while her sister had forty-one. If they ate twenty-seven pieces the first night, how many pieces do they have left?
- 3) A waiter at 'The Greasy Spoon' restaurant had eleven customers to wait on. During the lunch rush he added another eighteen customers. If thirteen of the customers didn't leave him a tip, how many customers did leave a tip?
- 4) There were five girls and eleven boys trying out for the school's basketball team. If only thirteen of them got called back, how many students didn't make the cut?
- 5) Nancy was playing a trivia game. In the first round she scored thirty-three points and in the second round she scored thirty-four points. In the last round she lost sixty-four points. How many points did she have at the end of the game?
- 6) Faye picked twenty-seven tulips and seventeen roses to make flower bouquets. If she only used nine of the flowers though, how many extra flowers did Faye pick?
- 7) While shopping, Bianca bought twenty-three green towels and nineteen white towels. If she gave her mother thirty-nine of them, how many towels did Bianca end up with?
- 8) Rachel had forty-four math problems and thirty-eight science problems for homework. If she finished fifteen of the problems at school, how many problems did she have to do for homework?
- 9) The school cafeteria ordered fourteen red apples and nineteen green apples for student's lunches. But, if only seventeen students wanted fruit, how many extra did the cafeteria end up with?
- 10) Mike was trying to expand his game collection. He bought thirty-nine games from a friend and bought thirty-four more at a garage sale. If thirty-six of the games didn't work, how many good games did he end up with?
