

Use multiplication rules to determine the missing remainder for each problem.

Answers

1) $937 \div 2 = 468 \text{ r } \underline{\hspace{2cm}}$

2) $62 \div 10 = 6 \text{ r } \underline{\hspace{2cm}}$

3) $9,032 \div 5 = 1,806 \text{ r } \underline{\hspace{2cm}}$

4) $90 \div 10 = 9 \text{ r } \underline{\hspace{2cm}}$

5) $2,426 \div 2 = 1,213 \text{ r } \underline{\hspace{2cm}}$

6) $8,405 \div 2 = 4,202 \text{ r } \underline{\hspace{2cm}}$

7) $484 \div 5 = 96 \text{ r } \underline{\hspace{2cm}}$

8) $66 \div 10 = 6 \text{ r } \underline{\hspace{2cm}}$

9) $5,232 \div 5 = 1,046 \text{ r } \underline{\hspace{2cm}}$

10) $28 \div 5 = 5 \text{ r } \underline{\hspace{2cm}}$

11) $4,412 \div 2 = 2,206 \text{ r } \underline{\hspace{2cm}}$

12) $70 \div 2 = 35 \text{ r } \underline{\hspace{2cm}}$

13) $2,623 \div 10 = 262 \text{ r } \underline{\hspace{2cm}}$

14) $103 \div 5 = 20 \text{ r } \underline{\hspace{2cm}}$

15) $95 \div 10 = 9 \text{ r } \underline{\hspace{2cm}}$

16) $9,201 \div 2 = 4,600 \text{ r } \underline{\hspace{2cm}}$

17) $8,491 \div 10 = 849 \text{ r } \underline{\hspace{2cm}}$

18) $9,329 \div 2 = 4,664 \text{ r } \underline{\hspace{2cm}}$

19) $51 \div 10 = 5 \text{ r } \underline{\hspace{2cm}}$

20) $167 \div 10 = 16 \text{ r } \underline{\hspace{2cm}}$
