Days

- Which day had the fewest customers?
- How many days did they have more than 8 customers?
- Did they have more customers on day 8 or on day 1?
- What is the difference in the number of customers on day 4 and the number on day 6?
- How many days did they have fewer than 7 customers?
- 8) Did they have fewer customers on day 3 or on day 8?
- 9) Which days (if any) had more than 8 customers?
- **10**) Which day had exactly 7 customers?
- 11) What is the combined number of customers they had on day 7 and on day 1?

Answers

Each $\times = 1$ customer

The line plot below shows the number of customers a store had each day. Use the line plot to answer the questions.

				D	ays
