

Use multiplication rules to determine the missing remainder for each problem.

Answers

1) $36 \div 10 = 3 \text{ r } \underline{\hspace{1cm}}$

2) $28 \div 10 = 2 \text{ r } \underline{\hspace{1cm}}$

1. _____

3) $671 \div 2 = 335 \text{ r } \underline{\hspace{1cm}}$

4) $103 \div 10 = 10 \text{ r } \underline{\hspace{1cm}}$

2. _____

5) $342 \div 5 = 68 \text{ r } \underline{\hspace{1cm}}$

6) $968 \div 2 = 484 \text{ r } \underline{\hspace{1cm}}$

3. _____

7) $367 \div 5 = 73 \text{ r } \underline{\hspace{1cm}}$

8) $2,965 \div 2 = 1,482 \text{ r } \underline{\hspace{1cm}}$

4. _____

9) $5,322 \div 5 = 1,064 \text{ r } \underline{\hspace{1cm}}$

10) $465 \div 5 = 93 \text{ r } \underline{\hspace{1cm}}$

5. _____

11) $93 \div 2 = 46 \text{ r } \underline{\hspace{1cm}}$

12) $51 \div 5 = 10 \text{ r } \underline{\hspace{1cm}}$

6. _____

13) $115 \div 5 = 23 \text{ r } \underline{\hspace{1cm}}$

14) $790 \div 2 = 395 \text{ r } \underline{\hspace{1cm}}$

7. _____

15) $539 \div 2 = 269 \text{ r } \underline{\hspace{1cm}}$

16) $59 \div 10 = 5 \text{ r } \underline{\hspace{1cm}}$

8. _____

17) $9,590 \div 10 = 959 \text{ r } \underline{\hspace{1cm}}$

18) $312 \div 10 = 31 \text{ r } \underline{\hspace{1cm}}$

9. _____

19) $7,359 \div 10 = 735 \text{ r } \underline{\hspace{1cm}}$

20) $4,025 \div 10 = 402 \text{ r } \underline{\hspace{1cm}}$

10. _____

11. _____

12. _____

13. _____

14. _____

15. _____

16. _____

17. _____

18. _____

19. _____

20. _____

Use multiplication rules to determine the missing remainder for each problem.

Answers

1) $36 \div 10 = 3 \text{ r } \underline{6}$

2) $28 \div 10 = 2 \text{ r } \underline{8}$
