

Solve each problem.

- 1) List all the multiples of 6 from the selection of numbers below:
13 25 29 30 32 33 35 39 42 50
- 2) List all the multiples of 4 from the selection of numbers below:
12 14 16 19 22 27 28 32 33 43
- 3) List all the multiples of 3 from the selection of numbers below:
6 11 18 20 22 23 25 27 30 32
- 4) List all the multiples of 7 from the selection of numbers below:
27 32 34 35 49 50 53 61 63 69
- 5) List all the multiples of 10 from the selection of numbers below:
43 50 62 80 81 90 94 100 106 109
- 6) List all the multiples of 3 from the selection of numbers below:
5 6 9 10 15 16 28 30 31 32
- 7) List all the multiples of 8 from the selection of numbers below:
11 16 30 48 49 54 65 68 78 81
- 8) List all the multiples of 9 from the selection of numbers below:
13 24 28 42 45 54 63 72 75 97
- 9) List all the multiples of 8 from the selection of numbers below:
16 33 34 35 54 59 72 84 85 87
- 10) List all the multiples of 9 from the selection of numbers below:
11 38 41 45 55 61 63 75 80 90

Answers

1. _____

2. _____

3. _____

4. _____

5. _____

6. _____

7. _____

8. _____

9. _____

10. _____

Solve each problem.

1) List all the multiples of 6 from the selection of numbers below:
13 25 29 30 32 33 35 39 42 50

2) List all the multiples of 4 from the selection of numbers below:
12 14 16 19 22 27 28 32 33 43

3) List all the multiples of 3 from the selection of numbers below:
6 11 18 20 22 23 25 27 30 32

4) List all the multiples of 7 from the selection of numbers below:
27 32 34 35 49 50 53 61 63 69

5) List all the multiples of 10 from the selection of numbers below:
43 50 62 80 81 90 94 100 106 109

6) List all the multiples of 3 from the selection of numbers below:
5 6 9 10 15 16 28 30 31 32

7) List all the multiples of 8 from the selection of numbers below:
11 16 30 48 49 54 65 68 78 81

8) List all the multiples of 9 from the selection of numbers below:
13 24 28 42 45 54 63 72 75 97

9) List all the multiples of 8 from the selection of numbers below:
16 33 34 35 54 59 72 84 85 87

10) List all the multiples of 9 from the selection of numbers below:
11 38 41 45 55 61 63 75 80 90

Answers

1. 30, 42
2. 12, 16, 28, 32
3. 6, 18, 27, 30
4. 35, 49, 63
5. 50, 80, 90, 100
6. 6, 9, 15, 30
7. 16, 48
8. 45, 54, 63, 72
9. 16, 72
10. 45, 63, 90
