

## Examining Number Value by Place Value

Name: \_\_\_\_\_

Solve each problem.

- 1) What is the value of the 2 in the number 8,276,951?
- 2) What is the value of the 7 in the number 742,963?
- 3) What is the value of the 4 in the number 183,746?
- 4) What is the value of the 1 in the number 61,342,857?
- 5) What is the value of the 5 in the number 396,517?
- 6) What is the value of the 2 in the number 827,145?
- 7) What is the value of the 5 in the number 8,953?
- 8) What is the value of the 1 in the number 31?
- 9) What is the value of the 2 in the number 312,847?
- 10) What is the value of the 5 in the number 1,459,327?
- 11) What is the value of the 1 in the number 1,364?
- 12) What is the value of the 9 in the number 879?
- 13) What is the value of the 2 in the number 629,354?
- 14) What is the value of the 1 in the number 457,619?
- 15) What is the value of the 3 in the number 63,179,248?
- 16) What is the value of the 5 in the number 4,582?
- 17) What is the value of the 1 in the number 198,674?
- 18) What is the value of the 9 in the number 189,546?
- 19) What is the value of the 4 in the number 4,715,238?
- 20) What is the value of the 8 in the number 612,538?

- 19) What is the value of the 4 in the number 4,715,238?
- 20) What is the value of the 8 in the number 612,538?

**Answers**

1. **200,000**
2. **700,000**
3. **40**
4. **1,000,000**
5. **500**
6. **20,000**
7. **50**
8. **1**
9. **2,000**
10. **50,000**
11. **1,000**
12. **9**
13. **20,000**
14. **10**
15. **3,000,000**
16. **500**
17. **100,000**
18. **9,000**
19. **4,000,000**
20. **8**
